Our Mission

Parents Igniting Excellence is a community of dedicated families committed to reigniting the spark of academic and personal success for our children. Together, we partner with educators to create a vibrant, supportive environment where every student can thrive. As we rebuild one of the strongest parent organizations in the city, we are united by our shared goal of fostering excellence in education, empowering students, and strengthening our school community. Through collaboration, passion, and resilience, we rise from the challenges of the pandemic to ensure a brighter future for all."

Our Purpose

"Our purpose is to foster a thriving school community through active volunteerism, strong parent engagement, and meaningful support for our school's mission. We are dedicated to improving school-family communication, amplifying parent voices, and driving impactful fundraising efforts that enrich the educational journey. Together, we commit to partnering with educators to ensure every child is equipped to excel, while creating opportunities for all parents to be heard and involved."

DIRECTOR OF EDUCATION UPDATES

Mr. Victor Hunter

Parents, as Academic Director, I know that student success starts with strong communication. Please stay in close contact not only with me, but especially with your child's teacher — they are your first and best source of information about what's happening in the classroom.

Let's work together to build a bridge to greatness for your child.

DIRECTOR OF TECHNOLOGY UPDATES

Mr. Fred Fields

As Director of Technology, I can truly say that the best way to know what's happening in and around our school is to explore our website. There is a wealth of information available—from our frequently updated home page, to PowerSchool links under the Parent Information tab, to Programs and Resources, the School Calendar, and the Student Handbook.

Everything you need to better understand Discovery's mission and vision, and to stay informed and supported, can be found there to guide you in many different directions.
